

ENVH 520 Advanced Technical Communication in Public Health

Get the Word out about Public Health!

Taught by Dr. Deborah Illman, award-winning science writer and editor, this course will help you:

- Convey public health information more effectively to technical audiences
- Translate that information for general audiences in the public arena
- Craft effective pieces on topics of professional interest to you

Students completing the class will have several professional writing samples to add to their portfolios.

Autumn 2017
MW 3:30 – 4:50
HSB I132 | 3 credits, graded

Open to all majors
