## Agriculture and Natural Resources

### AREA CE ADVISOR – FORESTRY/FIRE SCIENCE AND NATURAL RESOURCES Serving Sutter, Yuba, Butte and Nevada Counties Position #AP17-04

Visit our online job board at [http://ucanr.edu/Jobs/Jobs\\_990/?jobnum=1158](http://ucanr.edu/Jobs/Jobs_990/?jobnum=1158) to access the required academic application form, position announcement and How to Apply Instructions.

Submit application packet by Monday, May 8, 2017 via e-mail to [ANRacademicsearch@ucanr.edu](mailto:ANRacademicsearch@ucanr.edu) with your cover letter, academic application form, curriculum vitae and university transcripts.

Across California, the University of California's division of Agriculture and Natural Resources (UC ANR) is an engine for problem solving. Serving as the bridge between local issues and the power of UC research, our more than 300 campus-based specialists and county-based advisors work as teams to bring practical, unbiased, science-based answers to Californians.

We seek a Cooperative Extension advisor for forestry/fire science and natural resources who will conduct a locally-based extension, education and applied research program to address high priority issues with a focus on forest fuels accumulation that has increased high-severity wildfires that threaten forests and communities; promoting community wildfire resilience and sustainable forest management on both private and public land.

The advisor will:

- develop an applied research program, evaluate programs, and report accomplishments, results, impacts to scientific and lay audiences;
- facilitate interactions and information exchange among campus based academics, CE advisors and community stakeholders;
- develop partnerships and leverage resources to support the sustainability of the natural environments;
- complement UC ANR's Strategic Vision, optimizing opportunities that meet the needs of Californians.

This position is an academic career-track appointment; a minimum of a master's degree is required, though other advanced degrees are encouraged, in forestry/fire science, wildfire ecology, wood and fiber science or other closely related fields. Incumbent is required to become a California Registered Professional Forester within six years of date of hire.

This position will headquarter in Yuba City, located in Sutter County and serve Yuba, Butte and Nevada counties. For more information about these counties, please visit: <http://cesutter.ucanr.edu/>, <http://ceplacer.ucanr.edu/> and <http://cebutte.ucanr.edu/>

For a full position vacancy announcement, application procedures, and more about what makes UC ANR a great place to work, please visit or contact Karen Ellsworth at [kaellsworth@ucanr.edu](mailto:kaellsworth@ucanr.edu) and refer to position listing **AP#17-04**.
