our Director Dr. Dan Brown*

Free Snacks and Drinks

Children welcome!

Be the change you want to see at SEFS!

The newly formed SEFS Graduate Student Council invites you to come share your experiences and listen to others in a public Town Hall Meeting. The goal of the Town Hall is to:

- introduce the Graduate Student Council
- showcase student leadership opportunities
- discuss graduate student concerns as a community

We want to hear your thoughts on how we might address such topics as: advisor/student relations, equipment access, courses, funding, graduate student mental health, sexual harassment, diversity and inclusion, and post-graduation preparedness.
