

# TRAINING THE NEXT GENERATION IN DIGITAL MANUFACTURING AND MASS-TIMBER BUILDINGS

## HANDS-ON EXPERIENCE OPPORTUNITY:

Employers are looking for recent graduates with hands-on experience. Undergraduate research and participation in outreach and extension programs impress future employers and help you improve your critical-thinking and problem solving skills.

**OFFERED BY:** The OSU Department of Wood Science + Engineering, with support from the US Department of Agriculture, National Institute of Food and Agriculture's Education + Literacy Initiative.

**WHAT + WHEN:** 12-week mentored research and/or extension experiences for ten undergraduate students per year. Available during **summers of 2019 and 2020**. Focus can be on just about any subject that interests you within the broad field of digital manufacturing and mass timber.

**DETAILS:** Each undergraduate will receive a stipend of **\$500/week** and a subsistence allowance. After your experience, you'll be invited to present your results through posters or presentations. To qualify, you must be enrolled in an accredited institution of higher education during the 2018-2019 school year.

**CONTACTS:** If you have questions, please contact **Arijit Sinha** or **Eric Hansen** at [wsereeu@oregonstate.edu](mailto:wsereeu@oregonstate.edu) or (541) 737-6713.
